

What to do about this election?

It's nonstop on the news. People are talking in the pews. Who are YOU going to vote for in 2016?

Before Election Day comes November 8, let us all take a step back from politics and presidents and remember that our greatest hope is not in an earthly prince, but in the King of Kings.

Let's take time to **think bigger** than just one election. Let's take time to acknowledge that **America needs God most of all**. In fact ... let's take 40 days of time.

For 40 days, beginning Sept. 30 until Election Day Nov. 8, thousands of Christians around the world are already committing to focus their hearts not on politics, but on prayer.

It's called the #Focus4Forty initiative of the If 7:14 movement. It's easy, it's free, and it's uniting believers to pray twice a day for real change, for revival change in America.

To join in the **#Focus4Forty** prayer, just visit www.if714.com and click the #Focus4Forty banner. Learn more, download the free app, and you'll be reminded twice a day with encouraging, often Scripture-filled notes to pray for revival in America. Because no one else and nothing else will do.

And let's acknowledge one other truth: After 40 days of prayer, we'll be much more prepared for what to do when we DO enter the voting booth.
