## NOT YOUR TYPICAL SUMMER CAMP

At LEAD, we believe the best time to start being a leader is now, and the best way to learn is to do it. That's why we run authentic leadership simulations where high school students have the opportunity to experience the roles of community leaders first-hand, making decisions that would affect millions of people as a legislator or member of the media. Mix that in with engaging biblical worldview discussions, faith-building worship and chapel, a hearty dose of games and recreational activities, and awesome relationships built throughout the week, and you've got a pretty good idea of what LEAD looks like.

Class of 2018

# LEARN TO LEAD...

## House track FIRST-TIME STUDENTS

Students role-play as state representatives, debating real bills from the Iowa Legislature. The track culminates with a session in the Iowa State Capitol Building. This track is open to all students. First year students are required to participate in the House track.

## Senate track

Returning students build on their experience in the House Track with this exciting Senate simulation. They can amend their bills, contribute to media coverage of the House, and help lead the House Floor Session. The Senate track is open to students who have completed the House track.

## Media track

Media students play a key role at camp as part of the LEAD News Network team, producing live newscasts and a daily newspaper. Students will gain both print and broadcast media experience through this challenging and rewarding track. The Media track is open to students who have completed the House track.

## Inspiring teens to find their ultimate identity in Christ and their highest calling as His ambassador.

LEAD is a week-long leadership experience in Des Moines where teenagers find themselves in the middle of the action, role-playing as legislators and members of the media. These experiences are as real as it gets!

I have learned so much, made so many new friends, and made so many wonderful memories. This is one of the best things I have ever done.

— CARLY, AGE 16

Teens hear from dynamic guest speakers, coaches, and mentors as well as engage in thoughtful biblical worldview discussions and inspiring times of worship.
